## PREFACE

We are pleased to present the 2016 edition of The Attorneys' Daybook.

The Attorneys' Daybook offers a complete directory of the Federal Courts, and a directory of Federal Departments and Agencies. The National Directory of States, our state-by-state guide to locating key state courts and agencies, provides a wide range of information on state government across the country. Other features include a chart of Marriage and Divorce Laws, and a Digest of the Federal Rules of Civil Procedure. We are confident that The Attorneys' Daybook will be a valuable tool throughout the year.

For users of electronic access to Federal court records, the Attorneys' Daybook provides, for courts offering electronic access, the appropriate telephone numbers for EDOS (Electronic Dissemination of Opinions System), ACES (Appellate Court Electronic Services), PACER (Public Access to Court Electronic Records) and VCIS (Bankruptcy Voice Case Information System). We have also included Fax, email and Internet numbers for government offices where available.

We acknowledge with thanks the cooperation of many federal court, state government and state bar association officials throughout the country for verifying the information contained in this edition.

The Attorneys' Daybook is also available online, in an amazing product—LDMonline. This product offers all of the information found in The Attorneys' Daybook in a quick-to-use electronic format. You will also find legal productivity calculators: a post-judgment interest calculator, a present value calculator, a loan calculator and a date calculator. There are also extensive federal and state court rules in this product. Call us at (973) 642-1440, Ext. 2 for further details on these invaluable time savers, or login to [lawdiary.com](http://lawdiary.com) to discover our other products.
